

• PROSECCO •

Prosecco is native to the north east of Italy, produced from glera grapes in the Venetian hills around the town of Treviso. Prosecco DOC production spans the regions of Veneto & Friuli-Venezia Giulia. Prosecco Conegliano Valdobbiadene Superiore DOCG can only be made in the province of Treviso in the hills between Conegliano & Valdobbiadene but it's the juice from the grapes harvested on the famous Cartizze hill that contribute to what is widely recognised as the Grand Cru of Prosecco.
